

# **ENVIRONMENTAL POLICY**

## **CBS Communications Centre Ltd**

### **31a Clifton Road, Cambridge CB1 7EB**

CBS recognise that their business activities may have an impact on the environment and concern for the environment is an integral and fundamental part of the CBS corporate business strategy.

As a company CBS is committed to good environmental management practice in connection with carrying out its own business operations and shall endeavour to work closely with the relevant statutory bodies to meet all applicable legislation and seek to make continuous improvements to reduce its impact on the environment.

This policy shall be publicised to all employees, ensuring that they are aware of their own responsibilities within it, and to interested parties.

#### **The Company will act to:**

Reduce wastage to a minimum and to recycle materials to the maximum.

Aim for zero waste generation at source. Materials will be reused and recycled to minimise need for waste treatment or disposal and to conserve resources.

Recognise that wasting energy causes avoidable pollution.

Avoid pollution of air, land and water wherever possible.

Improve the working environment.

Support the local community in its environmental initiatives.

Seek to achieve environmental excellence in all our business operations.

Discuss environmental issues regularly at the highest levels of the company.

Train and regularly consult employees on good environmental practices.

Comply with all relevant environmental legislation and as far as is practicable implement published guidance and meet industry codes of practice.

Liaise with suppliers and customers to facilitate the best possible environmental practices and promote the recycling of materials.

Reduce our energy costs.

Reduce our emissions of CO2.

Increase our investment in clean, energy efficient technologies.

Reduce all environmental impacts arising from our energy consumption as far as is practical, consistent with the operational needs of our activities.

Sustain and protect the environment.

Review this policy on an annual basis.
